**Details of the exchange**

**Period of Exchange:** 04/01/2016 - 29/01/2016

**Duration of Exchange:** 1 month

**Brief introduction (max. 1000 characters):**

Aida Rivero is an architect, designer and photographer who really wanted to take part on this experience to learn from other experienced entrepreneurs and see the possibilities of working abroad. Also to show her skills and to be able to participate with her opinions on other projects. She thought it could be something very enriching when she knew the program through a friend of her.

Natalia Sanchez is an Interior Designer and Architect based in Copenhagen working with a broad range of projects within Interior Design. Her company, Spatial Code, is executing projects within Interior Design, Product Design, Interior Architecture, Styling and consultancy for clients within interior design.

**Activities undertaken (max. 1000 characters):**

During this month Natalia and I have been working on few interior design projects, also some styling for a shooting in a Hotel, client meetings and branding and identity work. I have learned many different things from all these particular cases and I'm happy to have seen and take part in so many different activities.

**Benefits achieved (max. 1000 characters):**

I really think my stay will benefit me a lot for my future since I've been able to develop new skills and to know other ways of working that I can apply from now on in my daily life and work.

**Quotation regarding the experience:**

**NE (max. 300 characters):** "It has been a very inspiring experience. Working in other country and knowing other culture it's really something that I will never forget."

**HE (max. 300 characters):** "It has been a very interesting and inspiring period when Aida was working with us. She was involved and design some of the projects and did a very nice proposal for the new image of the company. Aida has a very distinct and strong eye on the design world, which everybody at the studio enjoyed and learned from".
